

Quick-Start Kit: 12ft Straight Floor Mount

Allows 40 parts to be processed at a time

The PivotLine System can be configured to fit any shop size and budget. Our quick-start kits cover some of our most popular use cases, and as your shop's volume increases, the system can easily be expanded or reconfigured.

12ft Straight Kit: Creates a directional flow of parts from the infeed mobile rail, across rail, and onto the outfeed mobile rail.

A complete list of the included components and pricing is on the following page.

Description	Qty	Rate	Amt
PivotLine Stationary Rail Kit 12ft. Straight Complete 2 - Aluminum rails - 6 ft. length* 2 - Mobile Couplers 1 - Rail Support / Joiner 	1	\$1,558.00	\$1,558.00
Mobile Rail Used for loading, off-loading, drying, and storage of parts. A key component for maximizing PivotLine efficiency and reducing material handling 	2	\$2,150.00	\$4,300.00
Rolling Spray Hub Rolls smoothly and pivots in 90° increments allowing for easy spraying of all sides 	20	\$87.00	\$1,740.00
Twist Stop Insert into stationary and mobile rails to prevent unwanted movement of materials 	4	\$94.00	\$376.00
T-Bar - Short (17") Hang doors using EFC or Offset Hangers. Group multiple parts together by hanging Offset and Universal Hangers across top of T-Bars 	6	\$28.00	\$168.00
T-Bar - Medium (34") Hang doors using EFC or Offset Hangers. Group multiple parts together by hanging Offset and Universal Hangers across top of T-Bars 	8	\$45.00	\$360.00
T-Bar - Large (46") Hang doors using EFC or Offset Hangers. Group multiple parts together by hanging Offset and Universal Hangers across top of T-Bars 	6	\$60.00	\$360.00
Offset Hanger w/screws For hanging drawer fronts, face frames, and other miscellaneous components 	20	\$13.00	\$260.00
Universal Hanger w/screws For hanging shelves, face frames, and other miscellaneous components 	10	\$13.00	\$130.00
EFC (Spring Clip) For hanging panels from hinge pockets to hang on T-Bars 	60	\$2.00	\$120.00
Floor Stand - Comes with 1 of 3 optional stand-off arm sizes Stand-off arm size determines the clearance and size of materials that can be rotated without making contact: Small (48" max material width), Medium (72" max material width), Large (96" max material width)* 	3	\$670.00	\$2,010.00

* 6 ft. rails can easily be cut to shorter length if needed

* Stand-off arm size must be specified before kit order can be processed:
PL-12FLS (Small), PL-12FLM (Medium), or PL-12FLL (Large)
